Excise department

Sir,

In submitting herewith an extract of the marginally noted correspondence, I have the honor to state that I have already in my letter No. 1143/115 dated 6th September 1894, recommended the appointment of a Separate Excise Assistant Commissioner for each District. The Excise Revenue has increased considerably, and it is second only to the Land Revenue. The duties and responsibilities connected with

Para 2. of letter No. 1045, dated 6th March 1895, from the deputy Commissioner Hassan district.

Paras 5 and 6 of letter No. 1617/150, dated 18th February 1895, from the deputy Commissioner Shimoga district.

with the administration of Excise Revenue have become as great as those of Land Revenue, so much - so that, unless the work of the Subordinate Executive Staff, as well as that of the Government Contractors and Farmers is efficiently Supervised by a Separate Officer of experience, energy and activity in each District, the interests of both the Government and public would undoubtedly Suffer. In all departments, malpractices, abuses and irregularities of every description must be expected if vigilant Supervision were not exercised to prevent the same. In addition to the preventive and detective work and the collection of Excise Khists, the duties relating to the Conservancy and improvement of Toddy-yielding trees, and the raising of new plantations of such trees, are indeed very important and responsible. The Supply of Toddy has been Seriously affected in Several localities by reckless or ignorant tapping and the time has come when, if there is to be yearly increasing Supply of toddy and not a falling off, there should be the constant personal inspection and re-inspection of a Special Officer untrammelled by other work, in lieu of the Spasmodic inspection, at rare intervals, of a Revenue Assistant Commissioner tied down to Head Quarters for the greater part of the year. I

I concur in the opinion of the officiating Deputy Commissioner of the Hassan District that, unless Date groves are carefully conserved there will be a fall in Toddy Revenue, and that though that fall may, to some extent, be compensated by a corresponding rise in the consumption of arrack the exchange of arrack for Toddy will be, by no means, desirable. Under such circumstances the appointment of an officer who can devote his whole time and attention to the numerous important interests involved, is highly desirable; and I beg to urge the same on the attention of Government.

2. It being a matter of importance that deserving and qualified members of the department who have been well trained, and who have been doing their work satisfactorily and zealously should be appointed Excise Assistant Commissioners, I beg to recommend my Sheristadar Venkata Rungaiengar and Mr. W. E. Pereira, Head Supervisor, for the same, under clause 1st (a) of para II in Government Proceedings No. C. 407/22, dated 1st November 1891. Their present salaries are Rs 200 and 150+25 respectively. As already reported in my letter No. 4065/683, dated 28th March 1895, the former has passed the

the prequisite examinations; and the latter may be appointed subject to his passing the examinations under the rules in force

3. If this recommendation on behalf of Mr. Pereira to be appointed an Excise Assistant Commissioner meets with the approval of Government, there would be the opportunity to make the following arrangements:—

(1) Mr. J. E. Rozario, Assistant Supervisor Central distillery on Rs 100+15, who well deserves promotion, to succeed Mr. Pereira as Head Supervisor.

(2) Mr. Cullis, Assistant Supervisor, Mysore district, on Rs 80+15, who has been recommended for promotion by the Deputy Commissioner, to succeed Mr. Rozario as assistant Supervisor, Central distillery.

(3) Rajendrum Pillay, Assistant Supervisor, Bangalore District, on Rs 75+15, to succeed Mr. Cullis as assistant Supervisor, Mysore district.

* Vide copy of letter D.O. 1429, dated 10th March 1895, herewith enclosed.

And so on each deserving member will similarly get a higher step according to his rank and service and thereby infuse a sense of encouragement in the subordinate ranks of the service which will produce the best of results.

2. The memo of the Excise Commissioner is so exhaustive that it is not possible to make any suggestion. I would therefore content myself with one remark namely that so long as the Excise department of the district is not placed under the direct and immediate supervision of an Assistant Commissioner Specially and exclusively appointed for the purpose to help the Deputy Commissioner, the work cannot be carried on satisfactorily by the

the Deputy Commissioner, overwhelmed as he is with other and equally pressing matters. An Excise Assistant Commissioner now exists in the person of the Treasury officer; but the Treasury Officer is not a moving officer and it is highly desirable that the District Excise Assistant Commissioner should move frequently. Frequent inspection of date groves is of the highest importance in securing the permanence of this item of Excise Revenue. May to state my experience elsewhere that unless these groves are carefully conserved, there will be a fall in Toddy Revenue and though that fall to some extent be compensated by a corresponding rise in the Sales of arrack, the exchange of Toddy for arrack will be by no means desirable. As it is, I do not think that Toddy groves receive the attention they imperatively require. The Sales

being

being annual entail an amount of reckless tapping which is scarcely known to the higher officers or at any rate is not adequately prevented or punished

I have the honor &c.

5. I deem this to be a fitting opportunity to request your attention to the marginally noted correspondence in which you expressed your opinion as to the desirability of having a separate Assistant Commissioner for the Excise department

From Excise Commissioner's No. 443-50/24 of 24-7-94
To - do - No. 292/22 dated 30-7-94.

Department, and I communicated to you my full concurrence with that opinion: The draft Rules under consideration are of course sound in theory, and consistent with the Spirit of the Excise Laws in force. But, these Rules place much power in the hands of the Subordinate Excise officers in assimulation to the Police officers of the equal grade. Looking to the nature of these powers, I am afraid that they will be abused by the Subordinate officers, if their actions are not fully and frequently checked and controlled by a Special officer.

6. An Assistant Commissioner tied up as at present by Criminal, Revenue and other office work at Head Quarters cannot at all be expected to move about the District frequently and exercise that degree of personal control which is highly necessary to

correct

2/

correct the evils anticipated and carefully watch the interests of the Government and the public. I would therefore recommend the entertainment of 8 Excise Assistant Commissioners corresponding with the number of the districts on 3 different grades viz/ 1 first class on Rs 300; 2 second class on Rs 250 each, and 5 third class at 200 Rs each. The total cost would amount to Rs 1800 per month, or Rs 21600 per annum. If this item of the charge be added to the total amount of your proposition, the aggregate cost of the entire executive establishment would come to Rs 85,488 per annum Calculating upon the Excise Revenue of the Province for the last official year viz Rs 30,01636 as given in the Dewan's Dussara

Speech

Speech, the cost would only be Rs 2 3/4 percent of the income, which I submit, is not much.

I have the honour &c.

Sir,

In submitting herewith, for your favorable consideration, an application from Mr. Cullis, General Assistant Superviser, Mysore, I have the honor to state that he is a Government Servant of long standing and of great experience, and deserves encouragement. As the Department has developed into a very large and important one, it is necessary to provide some higher appointments for the encouragement of deserving men, and if a higher grade can be provided for Mr. Cullis, it will be not only rewarding a deserving official, but will also serve as an incentive to other officials for hard and zealous work

Sir,

In inviting attention to my letter Do. A Camp, dated 5th April 1894, I have the honor to solicit that you will be so good as to obtain early sanction to the recommendation therein made for altering the designation of my office Sheristadar Venkatrangaiengar and styling him Assistant to the Excise Commissioner; and to have the same notified in the Gazette.

2. The deputy Commissioners of certain districts have written to me objecting to the Sheristadar

having signed some office
papers for me in my absence
from Head Quarters. Considerable
inconvenience is felt for the disposal
of ordinary papers; and urgent
work relating to accounts &c.
is delayed, especially in my
absence in camp.

3. The proposal entails no
additional charge on Government.
I may add that the facility
for the expeditious despatch of
work, which I have requested,
is now enjoyed by almost all
the other heads of departments.
I venture to trust that I may
not be wrong in affirming
that particularly at the present
juncture when a great deal

is entitled to equal, if not better
